

Ready, Set, Read!

Summer Reading Camp

(Ages 5-7)

Teachers:

Amy Bostian & Teresa Ferrentino

In this program, your child will practice reading readiness skills essential to becoming a fluent reader. Reinforcement of these skills will make reading more enjoyable, increase your child's confidence in school, and help reduce summer regression.

Children will be captured by the wonderful instructional materials and multi-modal approach used to reinforce alphabet skills, phonics, phonemic awareness, work attack skills, and high frequency words.
