Hello all! Well, I hope that everyone is enjoying the great weather and the remainder of Spring! This week we will be learning the lower-case letters m, h, and b. Next week we will learn f, q, x and z.

In Language Arts we will be finishing up our theme called Going Places. We will read a book called On the Go. We will focus on the high frequency word can. Next week we will be reading the story of the Ginger Bread Man.

In Math we will be finishing up our unit called How Many in All? This week we will be counting up to 15 and next week we will be measuring with cutouts of our feet.

In Science we have begun our brief study of the body. This week we will learn about the important body parts inside of our body such as our brain, heart and lungs. Next week we will learn about the bones in our bodies.

We have many exciting events coming up! Tuesday we will be visiting all three first grade classrooms. We will meet the teachers and get a tour from a first grader. On Wednesday the final book order is due, if you wish to order, so we have enough time to get the books! On Thursday we will be visiting Mt. Tom. A reminder will be going home reminding you of all that your child needs to pack and wear. Next Monday the 9th is Field Day. A volunteer sheet will be going home this week, letting our volunteers know more about the day. Children will have fun playing games all morning, having an ice cream sundae compliments of the PTO and having a special show in the afternoon! Next Wednesday we will have someone from the Hampden Library come in and talk to us about the summer reading program. On Friday, June 13th we will have our Father's Day Breakfast. Please see if someone can make it for your child from 8:45-9:30! Also, we will have the fourth grade recognition assembly later in the day on Friday. The last day of school is Wednesday, June 18th. We will have a half-day that day and the dismissal time will be announced soon.

I am having a hard time believing that the end of school has come! How time flies! I wanted to say thank you to everyone for giving me the opportunity to get to know your child. I've enjoyed getting to know every child for the unique and special individual that they are! I am very happy to see how far they've come from September to now! I also thank you for your

continued generosity, support and kindness. I hope that everyone has a great summer and I'm looking forward to seeing you in the fall!

Thank you !

Amanda
